Memo No. 644/648 / พิн.พิн.พิн-460 Dated: 6 /05/2013

Sub:

Providing Urban Pattern Supply to Dera/Dhanies having cluster of 3 or more houses and all Dera/Dhanies located within 10 KMs of International Border in State of Punjab.

For providing Urban Pattern Supply to Dera/Dhanies, ESIM clause 38.2(ii) was amended as per instructions issued vide CC No. 4/2013 dated 10.1.2013. The Para-2 of the Circular provides as under :-

"Urban Pattern Supply shall also be provided against Grant from Punjab Govt. to Dera/ Dhanis having one house or cluster of two houses located within 10 KMs of International Border, situated adjoining to each other and spread over in a stretch of maximum of 300 meters from one end to the other end by providing Single Phase 11 KV line tapped from the nearest UPS feeder and by installing single phase 11 KV, 10 KVA Distribution Transformer.

LT work in respect of above indicated Dera/Dhanies i.e. installation of energy meter and laying of services will be carried out by respective DS Sub-division of the concerned area as per instructions of PSPCL issued from time to time."

Since urban pattern supply is to be provided to all the Deras/Dhanies having One house or Cluster of two houses located within 10 KMs of International Border, the matter has been reviewed to avoid ambiguity & give more clarity in the instructions and as per Resolution passed by Whole Time Directors in its 111th meeting held on 17.4.2013, Para No.-2 of €C No. 04/2013 is hereby amended to the extent as to read as under :-

"Urban Pattern Supply shall be provided against Grant from Punjab Govt. to Dera/Dhanies having one house or cluster of two houses located within 10 KMs of International Border by providing Single Phase 11 KV line tapped from the nearest UPS feeder and by installing single phase 11 KV, 10 KVA Distribution Transformer.

However, where two houses in a cluster are situated adjoining to each other and are located in a stretch of maximum 300 meters from One end to the other end, a common single phase 11 KV, 10 KVA Distribution Transformer shall be installed to reduce the capital cost of the project. In all other cases where two houses in a cluster are situated adjoining to each other and are located in stretch of more than 300 meters from one end to the other end, separate single phase 11 KV, 10 KVA Distribution Transformers shall be installed.

The LT work in respect of above indicated Dera/Dhanies i.e. installation of energy meter and laying of services will be carried out by respective DS Sub-division of the concerned area as per instructions of PSPCL issued from time to time."

· The provisions of ESIM clause No. 38.2(ii) stand amended to the

above extent.
